Betta Leaf

Designed to suit the natural habits of betta fish, this realistic leaf hammock provides a comfortable resting and hiding spot for bettas and other small fish.

Material	Polystyrene
Size	80×40×2 mm
Color	

Natural Leaf Design

Designed to mimic the gentle curves of a natural leaf, creating a more natural look in your aquarium.

The center features a shallow depression that can hold a small amount of water, providing a comfortable resting spot for your betta near the surface.

Frosted Surface for Bubble Nests

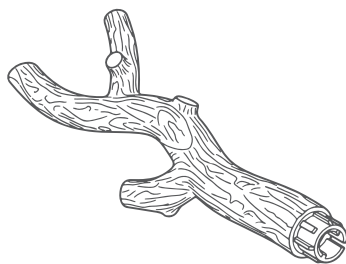

The double-sided fine frosted surface helps bubble nests attach more easily, supporting your betta's natural nesting behavior and making nest building more stable.

Amphibians & Aquatic Animals

Decorative Perch

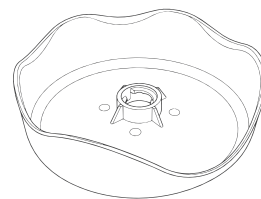

A modular branch habitat for small pets, featuring a natural textured surface for climbing and play. The base doubles as a food or water dish, and its adjustable design creates a safe, flexible environment.
